

2009-2010 CONTINUING MEDICAL EDUCATION

COURSES FOR PHYSICIANS & ALLIED HEALTH PROFESSIONALS

**University of Michigan
Kellogg Eye Center**

Dear Colleagues:

It seems as though there is never enough time to stay current in our field. With that in mind, our educational programs are tailored to provide valuable clinical information and enhance your knowledge and skill. Community ophthalmologists, subspecialists, and ophthalmic nurses and technicians will all find our courses full of concrete information.

The Kellogg Eye Center CME program provides a series of educational activities that make good use of your time and provide up-to-date information you can use in your practice immediately. We are committed to translating the latest research into new and better treatments for patients, and we look forward to sharing this information with you, our colleagues in the community.

Our programs offer:

- Tips for avoiding common complications
- Clinically relevant topics
- Unbiased information – We accept no industry funds for our educational activities
- Newest strategies and technologies
- Healthy exchange of ideas between attendees and speakers
- Opportunities to network with colleagues

I look forward to seeing you at the Eye Center in the coming year.

Sincerely,

A handwritten signature in black ink, which appears to read "Paul R. Lichter". The signature is fluid and cursive.

Paul R. Lichter, M.D.

F. Bruce Fraclick Professor of Ophthalmology
Chair, Department of Ophthalmology and Visual Sciences
Director, University of Michigan Kellogg Eye Center

VISITING PROFESSOR GRAND ROUNDS

Our series of subspecialty programs features the best speakers in their fields from across the U.S. Each of these accomplished subspecialists will explore interesting cases and provide practical information on the newest methods of diagnosis and treatment, with concrete advice on dealing with complications that may arise.

Ophthalmologists, faculty, fellows, residents, technicians and medical students are welcome to attend these popular sessions.

Registration and continental breakfast begin at 7:00 a.m.

Application will be submitted for 1.50 AMA PRA Category 1 continuing medical education credits.

Cornea
Friday, September 11, 2009
7:15 a.m. – 8:30 a.m.

Mark J. Mannis, M.D., FACS
Professor and Chair of Ophthalmology
UC Davis Health System Eye Center
University of California, Davis

Pediatric Ophthalmology
Friday, February 26, 2010
7:15 a.m. – 8:30 a.m.

David G. Hunter, M.D., Ph.D.
Associate Professor of Ophthalmology
Harvard Medical School

Neuro-Ophthalmology
Saturday, December 5, 2009
9:00 a.m. – 11:00 a.m.

Michael S. Lee, M.D.
Associate Professor
Director, Neuro-ophthalmology Service
Department of Ophthalmology
University of Minnesota

**Ophthalmic Plastic and
Reconstructive Surgery**
Friday, April 30, 2010
7:15 a.m. – 8:30 a.m.

Morton E. Smith, M.D.
Professor Emeritus and
Associate Dean Emeritus
Department of Ophthalmology &
Visual Sciences
Washington University in St. Louis

Retina
Friday, February 12, 2010
7:15 a.m. – 8:30 a.m.

Jennifer L. Lim, M.D.
Professor of Ophthalmology
Director, Retina Service
University of Illinois Eye and
Ear Infirmary

ANNUAL CONFERENCES

September 25, 2009
15th Annual Fall Reunion Day
8:30 a.m. – 5:00 p.m.

Distinguished Alumnus Lecturer
Ronald M. Kurtz, M.D.
Associate Professor
Department of Ophthalmology
University of California, Irvine

Alumnus Achievement Lecturer
W. Scott Wilkinson, M.D.
Wilkinson Eye Center
Pontiac, Michigan

Please join us for a full day of educational activities in ophthalmology featuring updates on recent clinical advances in ophthalmic subspecialty areas, emphasizing practical information for diagnosis and treatment. We also have an exciting hard hat tour planned for you this year to show you our new building.

Application will be submitted for 6.0 AMA PRA Category 1 continuing medical education credits.

January 23, 2010
Mid-Winter Cornea Symposium
8:00 a.m. – 1:00 p.m.

Kellogg Eye Center faculty will provide a comprehensive review of cornea problems, including clinical presentation, diagnosis, and management. Tips on preventing complications will be offered in all talks, as will information on the latest drugs and treatments.

Kellogg Eye Center Speakers:
*Shahzad I. Mian, M.D., Roni M. Shtein, M.D., H. Kaz Soong, M.D.,
and Alan Sugar, M.D.*

Application will be submitted for 5.0 AMA PRA Category 1 continuing medical education credits.

ANNUAL CONFERENCES

April 23–24, 2010

**Dedication of Kellogg Eye Center Expansion
82nd Annual Spring Postgraduate Conference
“Dedicated to Discovery”**

8:00 a.m. – 5:00 p.m.

We'll celebrate the opening of the Kellogg Eye Center Expansion and the Brehm Tower. Noted speakers from around the country will bring us up-to-date on the latest in ophthalmology practice. Please join us for a grand celebration, a reception, and tours of the new building. Mark your calendars and join us in our dedication to discovery.

Application will be submitted for 10.5 AMA PRA Category 1 continuing medical education credits.

June 11–12, 2010

**2010 Midwest Glaucoma Symposium
“What Do We Need to Answer in Glaucoma?”**

8:00 a.m. – 5:00 p.m.

This 33rd annual meeting of glaucoma specialists throughout the midwest will address risk factors, pediatric glaucoma, how to assess progression, complex cases, the KPro debate, delivering care to the under-insured, and the most recent advances in neuroprotection.

Application will be submitted for 10 AMA PRA Category 1 continuing medical education credits.

June 18, 2010

26th Annual Research Day

8:00 a.m. – 4:00 p.m.

Research Day is an annual event that showcases the research accomplishments of our house officers, fellows, and faculty. Research day creates an environment to share ideas and learn about investigations that are under way at Kellogg, through oral presentations and posters. The program is designed for students, physicians, scientists, and allied health professionals in the field of ophthalmology and vision science.

Application will be submitted for 6.5 AMA PRA Category 1 continuing medical education credits.

REGIONAL UPDATE CONFERENCES

Each year, Kellogg subspecialists travel to various locations within Michigan to present a Saturday morning program for ophthalmologists. The programs feature updates in specific ophthalmology subspecialties. The objective is to present practical clinical information in an informal and convenient setting and to provide the opportunity for dialogue.

Application will be submitted for 2.5 AMA PRA Category 1 continuing medical education credits.

October 17, 2009

Kalamazoo Regional Update Conference

9:00 a.m. – noon

Radisson Plaza Hotel at Kalamazoo Center
Kalamazoo, Michigan

Wayne T. Cornblath, M.D., Neuro-ophthalmology
John R. Heckenlively, M.D., Retina, Uveitis, and Ocular Oncology
Sayoko E. Moroi, M.D., Ph.D., Glaucoma and Cataract
Alan Sugar, M.D., Cornea and External Disease

March 20, 2010

Tri-City Regional Update Conference

9:00 a.m. – noon

Doubletree Hotel Bay City - Riverfront
One Wenonah Park Place, Bay City, Michigan

Alon Kahana, M.D., Ph.D., Eye Plastic, Orbital and Facial Cosmetic Surgery
Stephen J. Saxe, M.D., FACS, Retina, Uveitis, and Ocular Oncology
Jennifer S. Weizer, M.D., Glaucoma and Cataract

**We also welcome allied health technicians.
Our faculty will present lectures to allied health
personnel at our Kalamazoo conference.**

STANDING CONFERENCES

Journal Club

Second Monday of every month

5:30 – 7:00 p.m.

6th Floor Conference Room, Kellogg Eye Center

Small group conference for the discussion of recently published articles.

(1.5 AMA PRA Category 1 CME credits)

Grand Rounds

Thursdays, 7:15 – 8:30 a.m.

Oliphant–Marshall Auditorium, Kellogg Eye Center

Clinical Grand Rounds focus on difficult case presentations and their management.

Discussion leaders rotate through each subspecialty in the Department.

This year four Grand Rounds will be held on Friday to highlight presentations from our Visiting Professors. Please see Visiting Professor Grand Rounds for dates.

(1.5 AMA PRA Category 1 CME credits)

Retinal Imaging Conference

First and third Mondays, 5:30 – 6:30 p.m.

6th Floor Conference Room, Kellogg Eye Center

Fluorescein angiography presentations and discussions with the retina faculty.

Basic and Clinical Science Conferences

First and third Mondays, 6:30 – 7:30 p.m.

Wednesdays, 5:30 – 7:30 p.m.

6th Floor Conference Room, Kellogg Eye Center

Three-year comprehensive course in ophthalmic basic and clinical sciences presented by the Department's clinical and research faculty.

Miscellaneous Topics

Last Monday of every month

5:30 – 6:30 p.m.

6th Floor Conference Room, Kellogg Eye Center

Presentations on a variety of topics that are part of resident education (i.e., practice management, risk management, financial planning, billing, coding, ethics).

ALLIED HEALTH COURSES

Our Allied Health program provides ophthalmic technicians with the specific information they need to keep up with advances in technology and ophthalmic practice. These courses also provide an excellent means of satisfying professional certification requirements. Led by Kellogg's faculty and staff, our courses are recognized for excellence in content and practical, hands-on learning.

Courses run on Fridays, 1:00 – 4:15, unless otherwise noted.

Application will be submitted for 3.0 Group A JCAHPO continuing education credits

Saturday, October 17, 2009

Kalamazoo Allied Health Course

9:00 a.m. – noon

Radisson Plaza Hotel at Kalamazoo Center - Kalamazoo, Michigan
Course Faculty:

Wayne T. Cornblath, M.D., Neuro-ophthalmology

John R. Heckenlively, M.D., Retina, Uveitis, and Ocular Oncology

Sayoko E. Moroi, M.D., Ph.D., Glaucoma and Cataract

Alan Sugar, M.D., Cornea and External Disease

Friday, November 20, 2009

The Interaction Between the Brain and the Eye

This course will provide an overview of how the brain receives and processes visual stimuli and will review the oculomotor system and ocular motility.

Wayne T. Cornblath, M.D., Professor

Jonathan D. Trobe, M.D., Professor

Friday, December 4, 2009

Evaluation and Management of Patients with Diabetic Retinopathy

This course will provide attendees with general information about caring for patients with diabetes mellitus: the role of blood sugars and hemoglobin A1c levels, non-ocular manifestations of diabetes, and management of diabetic patients in the clinic with acutely high or low blood sugars. It will also review the different types of diabetic retinopathy and their treatment options.

Grant M. Comer, M.D., Assistant Professor

Monica M. DiMagno, M.D., Assistant Professor, UMHS Internal Medicine

Susan G. Elnor, M.D., Professor

Stephen J. Saxe, M.D., Assistant Professor

David N. Zacks, M.D., Ph.D., Associate Professor

ALLIED HEALTH COURSES

Friday, February 12, 2010

Refractive Surgery Evaluation and Options and Slit Lamp Biomicroscopy

This course will review the typical work-up for a refractive surgery candidate as well as the refractive treatment options and potential complications. In addition, slit lamp biomicroscopy techniques will be discussed with a hands-on session to demonstrate the principles in practice.

Theresa M. Cooney, M.D., Assistant Professor

Shahzad I. Mian, M.D., Assistant Professor

Roni M. Shtein, M.D., Assistant Professor

H. Kaz Soong, M.D., Professor

Saturday, March 6, 2010

Coding and Reimbursement for Allied Health Professionals

This course will provide an overview of the proper way to document patient encounters in medical records to assure appropriate reimbursement for services provided. In addition, it will review the use of global fee modifiers to increase practice proficiencies. Presenters will discuss some of the challenges associated with coding and reimbursement for eye-related services.

Patricia A. Carbary, Healthcare Billing and Coding Director

Janet E. Deja, Patient Accounts Supervisor

Rosemary Higerson, Reimbursement Compliance and Education

Saturday, May 1, 2010

Reducing Conflict in the Workplace with Patients and Colleagues

This course will identify the causes and stages of conflict in the workplace and offer suggestions for conflict resolution. Coping strategies for dealing effectively with difficult people and personalities will be discussed.

Ramona R. Ward, HR Consultant, UMHS Human Resources

REGISTRATION

Brochures detailing program content, faculty and times will be mailed with the registration notice approximately two months prior to each program.
