Fall Reunion Weekend

W.K. Kellogg Eye Center

21st Annual Reunion Weekend
September 10-12, 2015

Join us for a lively program on best clinical practices in ophthalmology and share in the excitement and camaraderie surrounding a football Saturday in Ann Arbor. This fall, watch our University of Michigan Wolverines battle the Beavers of Oregon State University. Also, join us as we kick off the weekend with special events and our Gala Dinner on Friday, September 11.

Weekend Highlights Inside

Thursday, September 10
Tour of the Big House
number of people: □ 0 □ 1 □ 2
Name of Guest: __________________________

Friday, September 11
Fall Reunion Program
□ Yes □ No

Saturday, September 12
University of Michigan vs. Oregon State University Football Game
To reserve tickets, contact Lindsay Baden at 734-763-0875 or linmwell@umich.edu. A limited quantity of tickets will be available on a first-come, first-served basis. Tickets are $80 each.

The program is designed for U-M faculty, residents, fellows, and alumni in the field of ophthalmology. Upon completion of this activity, participants will understand and implement skills and techniques from the case presentations into their daily practice.

Upon completion of this activity, participants will understand and be able to implement:
• Recent advances in the diagnosis and treatment of complex ophthalmic cases
• Major advances in refractive surgery
• Skills and techniques from case presentations into their daily practice
• Distinction of common orbital disease processes, including: infectious, inflammatory, and traumatic etiologies, and treatment plans and surgical options for these processes

The University of Michigan Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Michigan Medical School designates this live activity for a maximum of 5.5 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Dear Friends and Colleagues:

On behalf of our Kellogg faculty and staff, I want to invite you to join us in Ann Arbor for the 21st Annual Fall Reunion Weekend on September 10-12, 2015. The event is especially notable as we are celebrating the 30th anniversary of the opening of the Kellogg Eye Center. We would like to have you join us for dinner on Friday evening, September 11, at the University of Michigan Art Museum.

The festivities really begin on the afternoon of Thursday, September 10, with a special tour of Michigan Stadium, “The Big House”. On Friday, we plan an exciting program in our refurbished Oliphant Auditorium. The lead-off speaker will be Anand Swaroop, Ph.D., formerly the Harold F. Falls Collegiate Professor of Ophthalmology & Visual Sciences and currently chief of the Neurobiology-Neurodegeneration & Repair Laboratory of the National Eye Institute. He will deliver the Qais A. Farjo, M.D., Memorial Lectureship.

The Distinguished Alumna Lecture will be given by Bita Esmaeili, M.D., who completed her ophthalmology residency with us in 1994, and is now Professor of Ophthalmology in the Department of Plastic Surgery at The University of Texas MD Anderson Cancer Center, where she has established an international reputation for excellence in ophthalmic plastic and orbital surgery.

We are delighted to continue the tradition of having our resident and fellow alumni share some of their most challenging clinical cases with us. Coming to the podium this year are: Parag Gokhale, M.D., ’99 (Seattle, WA); Linda Katz, M.D., ’99 (Lexington, KY); Kimberley Yen, M.D., ’99 (Houston, TX); Adrienne West, M.D., ’99 (Ann Arbor, MI); Irina Koreen, M.D., Ph.D., ’10 and Larry Koreen, M.D., Ph.D., M.P.H., ’10 (Orange County, NY).

We are especially touched that so many of Qais’ fellow residents will join us for the meeting.

Another highlight of the day is a talk by Paul Lichter, M.D., M.S., the founding chair at Kellogg who will take us all back to the start of the Kellogg Eye Center. This has been an amazing 30 years so far, with much more to come.

And of course there is the opportunity to renew acquaintances, meet our new faculty, residents, and fellows, tour the Kellogg buildings, enjoy Ann Arbor in the Fall, and—if you are inclined—to join us in The Big House on Saturday for Michigan vs Oregon State.

I look forward to seeing you in September!

Sincerely,

Paul P. Lee, M.D., J.D.
